

betaSandwich: Robust Confidence Intervals for Standardized Regression Coefficients

Ivan Jacob Agaloos Pesigan

Description

Generates robust confidence intervals for standardized regression coefficients using heteroskedasticity-consistent standard errors for models fitted by `lm()` as described in Dudgeon (2017).

Installation

You can install the released version of `betaSandwich` from [GitHub](#) with:

```
install.packages("remotes")
remotes::install_github("jeksterslab/betaSandwich")
```

More Information

See [GitHub Pages](#) for package documentation.
